When the representation of Scheduled
castes falls short of the institutional
requirement,

A & KS

Perhaps, I have already told him that all future vacancies in class IV service in all the three departments, viz, Agriculture, Animal Husbandry and Forest should be filled by recruitment from amongst members of the scheduled castes - till their proportion in these services comes to 18 per cent.

I have already given a commitment on the floor of the Assembly on December 16 in this regard so far as the Department of Agriculture is concerned.

Orders to this effect may please be issued immediately and the departmental heads asked to submit quarterly statements about these recruitments.
